30 NOVEMBER 2012

making science cool

for children aged 7 years plus and still at primary school

welcome to our 2012 festival open evening

Do take time to browse around some of our exhibits and displays. Programme of presentations and experiments by some of the children and leaders of the club approx 7 pm to 8.15 pm or just after.

The evening closes with a song by soloist Alison Nyeko from the church here, and if all goes to plan you will be able to 'see' her voice as well as hear it.
